DETAILED ACTION

Election/Restrictions

This application contains claim 63 which is drawn to an invention nonelected with traverse in Paper No. 8. A complete reply to the final rejection must include cancelation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

The applicant has assumed that the species election was waived which is incorrect. Nowhere in the office action did the examiner state that the requirement was withdrawn. Without such notice, the requirement is assumed to be maintained. The species election and the restriction requirement are made FINAL.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 103

Claims 1-62 are rejected under 35 U.S.C. 103(a) as being unpatentable over Gorsek or Breitbarth taken with Mochizuki et al., Fallon or Pabst., CN 1096457 or Pero, Krumhar et al., Farmer or Sachetto, Kimura et al., and Slaga et al.

Art Unit: 1654

Gorsek and Breitbarth both are references that teach about using the claimed enzymes to treat a patient for a condition. They both show that the enzymes are known in the art to be used for pharmaceutical purposes.

Mochizuki shows that the claimed enzymes are well known to be produced by *Aspergillus niger*.

Fallon and Pabst show that sucrase is known to be used in pharmaceutical compositions to treat patients.

CN, Pero, Krumhar, Farmer, Sachetto, and Slaga all show that the claimed cofactors are well known in the art to be used for pharmaceutical purposes.

Kimura was cited to show that *Aspergillus Oryzae* is well known to produce amylase and that such enzyme formulations can be used for pharmaceutical purposes.

Thus, the references do show that there is a common use, namely, pharmaceutical purposes.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

Art Unit: 1654

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
